SIR:

REQUEST FOR RECONSIDERATION

This request for reconsideration is being submitted in response to the Office Action dated March 31, 2004 in connection with the above-referenced patent application. Claims 38-46 are pending in the application. (Claims 1-37 have been cancelled by previously filed amendments.) All pending claims stand rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claim 5 of U.S. Patent No. 6,108,530.

Applicants have enclosed herewith a terminal disclaimer in compliance with 37 CFR 1.321(c) to overcome the outstanding rejection. In addition, Applicants have submitted herewith an Information Disclosure Statement under 37 CFR 1.97(c)(2), including authorization for payment of the fee set forth in 37 CFR 1.17(p), which includes all of the references provided in the previously submitted Information Disclosure Statement (submitted on December 16, 2002) which has been deemed to be non-compliant by the Examiner. Applicant believes that the newly submitted Information Disclosure Statement enclosed herewith is fully compliant with all applicable provisions

of the CFR and the MPEP, and therefore requests that it be appropriately considered by the Examiner.

Reconsideration of this application is respectfully requested in light of this submission. The Examiner is invited to telephone Applicant's attorney, Kenneth M. Brown, at (908) 582 – 5998, should there be any questions or issues for discussion in the reconsideration of the pending application.

Respectfully,

Benson S. Ayabe
Sharat Subramaniam Chander
Semyon B. Mizikovsky
